CHEVRON ALIGNMENT SIGN CONSTRUCTION

Sign Construction:

- These signs are manufactured with rust free aluminum laminated with 3M™ Engineering Grade Reflective (Type I)
- Graphics are screen printed with 3M® Translucent inks.
- Aluminum will not chip, crack or rust. Aluminum signs will last longer than plastic or steel signs.
- Hole configuration is illustrated below, all traffic signs are supplied with 2 holes at 3/8" dia. (top & bottom)
- These signs have been designed for any of the following applications: post mounting, fence or wall mounting.
- These signs don't have any over lamination.
- Image / Text on signs is printed directly onto the reflective sheeting.
- Printed image will resist fading and most chemicals.

Hole & Layout Configuration:

- Warning Chevron Alignment Sign (W1-8)
 - Chevron Alignment (W1-8) Sign is used to provide additional emphasis and guidance for a change in horizontal alignment.
 - A Chevron sign may be used as an alternate or supplement to standard delineators and edge lines as appropriate on curves.
 - This sign is a vertical rectangle with no border.
 - If used, it should be installed on the outside of a turn or curve, in line with and at approximately a right angle to approaching traffic.
 - Chevron signs should be visible for a sufficient distance to provide the road user with adequate time to react to the change in alignment.
 - Chevron signs should not be placed on the far side of a T-intersection facing traffic. Chevron signs should not be used to mark obstructions within or adjacent to the roadway.
- To learn about Chevron Alignment Sign position, distance, etc see [MUTCD Section 2C.10 Chevron Alignment Sign \(W1-8\)](#)
- Please note, different states may have different posting requirements.

Chevron Sign Mounting on U-Channel Post:

What do you need when mounting signs?

If you are mounting signs to a U-Channel Post, the following hardware accessories are required.

- 1 U-channel post, sizes range from 4ft to 12ft, either Green or Galvanized finishes.
- 1 Bolting Set (Part# Y3465 or Y4899)
Set includes washers, bolts and nuts, or
- 1 Tamper proof Set (Part# Y4900 or Y4901)
Set includes washers, one way bolts and break away nuts
- 1 Pair of Ribbed Plates (optional) Part# Y4915
- Please follow the installation steps shown on the illustration.
