

Seal Tight™ Ball Valve Lockouts

The innovative Seal Tight™ ball valve lockouts provide effective solutions to virtually any ball valve lockout need.

Patent Pending Innovation

Easy-to-Use

Simple, intuitive designs are easy to apply.

Broad Application

Devices lock out ball valve sizes up to 4" and virtually all types of pipe including insulated, PVC, and metal.

Lightweight & Compact

Devices are easy to carry, store and apply even in tight, awkward spaces.

S3068 Seal Tight™ Handle-On Lockout

Metal device clamps tight on handle stop and defies corrosive environments and temperatures up to 1,000° F.

468L Seal Tight™ Handle-Off Lockout

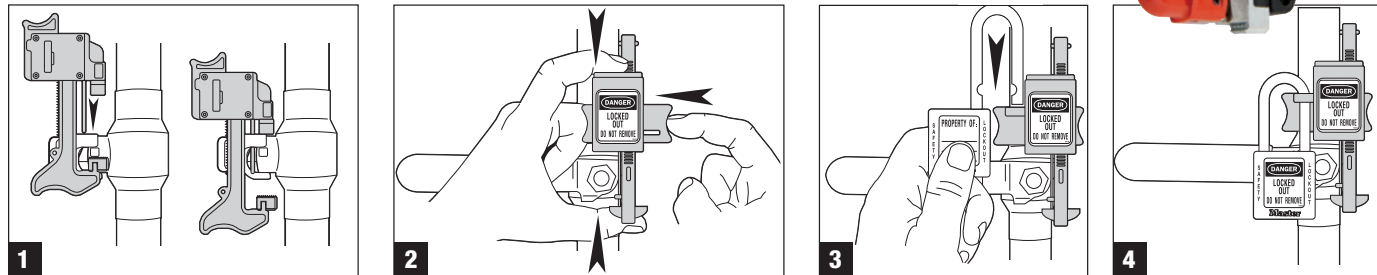

Device encloses the valve stem, with the handle removed, to make accidental reactivation virtually impossible.

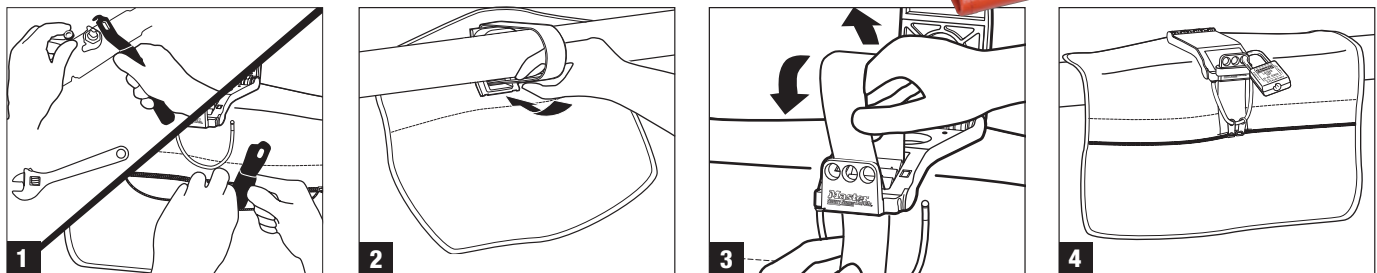

Solutions for Any Ball Valve Lockout Situation
